

Concept "915"

Ice Melt Remover

ST-No.	New Item #	Case UPC No. Mfg. No.	Each UPC No. Mfg. No.	Case Size	Case Weight	Cases /Pallet	Yield
ST-717	#2308589	071206 008589	071206 N/A	36 x 5 fl. oz. packs	14 pounds	70	3-5 Gallons

Concept "915" removes ice-melt residue from carpets and floors. Powerful chelating agents chemically suspend the salt and chloride residues in the mop solution or carpet extractor so that they do not redeposit in an unsightly white crust or film. Concept "915" saves labor by eliminating excessive floor rinsing.

Directions

1. Fill mop bucket with 3 to 5 gallons of water.
2. Add the contents of one Concept "915" pack to the bucket.
3. Apply the solution freely.
4. Pick up with a mop using clean, fresh water or wet vac.
5. May be used in carpet extractors.

Chemical Characteristics

Appearance	Green-yellow Liquid
Biodegradable	Yes
Corrosive Category (Concentrate)..	Eye Damage 1
Corrosive Category (Use Dilution)	No
DEA-Free	Yes
Fragrance	Sassafras
Non-Acid	Yes
Non-Butyl	Yes
Non-Flammable	Yes
NPE-Free	Yes
pH (Concentrate)	12.0-12.7
pH (Use Dilution)	10.0
Phosphate-Free	< 0.5% P
VOC	None

Ingredients

The primary ingredient in Concept "915" is a chelating agent.

Caution

Do not use on unfinished, unsealed or waxed wood or laminate floors. Before cleaning hardwood floors, test the durability of the wood's finish by spot cleaning a small, hidden area of the floor.
